TERMS OF SALE
REAL PRICES

PRICES ARE f.o.r. LANGPORT EXCEPT OTHERWISE QUOTED; BUT QUOTATIONS ARE MADE WHEN DESIRED AS AT BRISTOL, LONDON, SOUTHAMPTON, etc. LANGPORT IS ON THE MAIN LINE OF THE G.W.R., LONDON TO PLYMOUTH, AND IS VERY ADVANTAGEOUSLY SITUATED IN CONNECTION WITH MIDLAND, L. & N.W. AND L. & S.W. RAILWAYS.

Quotations are without engagement, being subject to withdrawal and alteration without notice. Orders are subject to confirmation. Journey orders are looked upon as being confirmed if not declined by us within 3 days after receipt of same at Langport.

THIS LIST AND ALL OFFERS CANCEL ALL PREVIOUS OFFERS.

Smaller quantities than $\frac{1}{8}$ cwt., pecks, $\frac{1}{4}$-lbs., or $\frac{1}{8}$-oz. will be charged at higher rates than those quoted.

PAYMENTS.—Ordinary accounts are due **NETT AT MIDSUMMER.** Off ordinary accounts five per cent. Discount is allowed for cash within one Month from date of Invoice; $2\frac{1}{2}$ per cent. on accounts settled Quarterly. **These Discounts, etc., do not refer to Special Quotations, which are nett.** No other allowances or deductions, except by previous arrangement, can be made unless applied for **on receipt** of the Invoice.

Cheques, Postal Orders, etc., should be made payable to **"KELWAY & SON,"** and crossed "Parr's Banking Company, Limited, Langport."

RETURNED EMPTIES.—Sacks and Bags are allowed for according to their full price as charged, provided that they are returned in **good** condition within a reasonable time, carriage paid and advised by post, and with the customer's name and address attached. Damaged empties are only credited at value when received. Prices charged for Bags during 1911 will be as follows: Three or four bushel sacks, **1/-**; two bushel, **7d.**; one bushel, **6d.**; half-bushel, **4d.**; peck and gallon, **2½d.**

CONVEYANCE.—In transit all goods are at the risk of the purchaser, and no insurance is effected unless we are so instructed. When the route and mode of transit and method of consignment are left to us we do everything in the interest of our customer to forward **expeditiously** and as **cheaply as possible;** but, as it is not always possible to make these conditions coincide, we are always glad to have instructions from the purchaser—*e.g.*, as to whether the goods are to go **by water** or **rail,** or partly by one and partly by the other; if by water, whether insurance is to be effected or not; if by rail, whether by goods or passenger train; also if the goods are to be booked at any particular rate, such as Grain, Pea, or Agricultural Seed Rate. We do not hold ourselves responsible for any errors which may arise during transit.

NEW CUSTOMERS will always find us ready to serve them. To save time, will they kindly enclose **cheque** or **Cash**—less 5 per cent. discount from **printed** prices—or a satisfactory **reference** with their **first** order?

EARLY ORDERS are always very much appreciated, as they allow us to make headway with their preparation before the press of the season commences.

We do not solicit the custom of Market Gardeners; only of genuine members of the Seed and Nursery Trade.

ALL TELEGRAMS should be **signed.**

OUR OWN NOVELTIES AND SPECIALITIES are protected, and can only be obtained in our Sealed Packets, or direct from us. Retail packets of Flower Seeds, &c., are supplied at the rate of 24 to the dozen, or two for one—*i.e.*, half-price. Any number supplied.

We give **NO WARRANTY,** either express or implied, as to the growth, kind, description, quality, productiveness, or any other matter regarding any Seeds we sell; nor will we be in any way responsible for the crop resulting therefrom. If the purchaser does not accept them on these terms he must return them at once, as they are sold upon these conditions only. Where purity or growth is mentioned, they are only for guidance, and without guarantee.

Only Address: **KELWAY & SON, LANGPORT, SOMERSET**

LIVING in the COUNTRY, FARMING OUR OWN LAND, we are able to give that continuous personal supervision to the selection and saving of Stock Seeds which is *necessary* to ensure the purity and high quality which the Trade requires. This can neither be carried on in the city nor in the suburbs of a city.

The chief reason, therefore, for our being in the position to make our aim—firstly, QUALITY, secondly, QUALITY, thirdly, QUALITY—is that we live among and personally handle our stocks.

OUR PRICES ARE INDEPENDENT. We print REAL prices which—as long as unsold and without engagement—we are willing to accept. It will be noticed that they are exceptionally reasonable. They are nett, except that they are subject to the ordinary discounts for cash.

THE CHIEF REASONS for our being able to offer seeds at the following low prices are—(1) freehold land and premises, (2) no heavy expenses, as in a city.

NO MARKET GARDENERS' TRADE. In no district do we compete for the trade of our customers by doing business with market growers ; we solicit in seeds the custom of the legitimate seed and nursery trade only, whether by travelling or advertisement. Our travellers call *only* upon the genuine members of the seed and nursery trade.

ELECTROS ARE LENT GRATIS (for catalogue work only) to firms who are customers for the strains which the electros illustrate. N.B.—*Early* application should be made.

SENSATIONAL NEW PEA

REFERENDUM

The LARGEST AND BEST of all the VERY EARLY (dwarf) MARROWFAT WRINKLED varieties. We cannot give it higher praise than this, or say more excepting to ask all seedsmen to get their customers to give it a trial. They will never regret it.

Per quart 7/6

THE BEST OF ALL MARKET PEAS

KELWAY'S BEAUTY

Of improved Gradus type, but much more prolific and so hardy that it can be sown much earlier than that variety. The dark green pods, borne in pairs, are larger, longer and more even in size than either Pilot or Gradus, and contain fine deep green peas of excellent flavour. Distinct from either variety, it is undoubtedly THE BEST PEA FOR MARKET. One of the largest growers says it is the HARDIEST culinary pea he has ever grown, and it certainly SURPASSES all other market varieties as a CROPPER. Free from mildew. Large, dimpled round (marrowfat) peas.

60/- per bushel. 16/- per peck 8/6 per gall.

PEA, KELWAY'S BEAUTY.—"A friend in the seed business gave me a ½ pint for trial purposes, assuring me that from the point of earliness and productiveness it was far in advance of either of the standard earlies growing the same height—3 feet. I determined to see what it would do planted late. Therefore on June 17th I sowed the seed. . . . It soon proved to be a very strong grower.

"Flowering commenced on the 27th of the month, and pods fit for the table were picked on August 19th; these were about 4 inches long and well filled with Peas of good size and flavour. Late varieties planted on the same soil and under like conditions, except that they were sown a fortnight earlier, had scarcely commenced to flower when pods of 'Beauty' were ready for gathering. In addition to early maturity, it also has the advantage of being free from mildew, which is a compliment I cannot pay to many varieties at this time of the year. I may add the seed is round and above the ordinary size. Taken altogether, I look upon it as a valuable variety."—F. R. CASTLE, in Gardening Paper.

"Your Pea 'Beauty' was the best I ever had. I showed it to a great many gardeners and others, who all admired it very much. It was sown on a piece of ground where I lifted some 4 year spruce off, and very little farmyard dung. A great crop and beautiful foliage."—From ———, Nurseryman and Seedsman, Ecclefechan. 10th February, 1910.

ROOT SEEDS

All our Stock Seeds are saved from specially chosen transplanted Roots.

We have been for over half a century Growers and Selectors upon our own farms, at and near Langport, of Special Stocks of Swedes, Mangolds and Turnips, particularly the celebrated West of England strains, and we honestly believe, and state with the utmost confidence, that purer and choicer kinds than our Special Sorts have never yet been sold. This refers in proportionate degree to our strains of other varieties. ALL are to be relied upon as the best of their kind, and undergo rigid selection. But we offer them as always, without warranty.

MANGOLD

Please ask for prices per ton.

KELWAY'S LANGPORT PRIZETAKER YELLOW GLOBE

The entire stock was originally selected from one bulb. It has **a very small top** and very few fibrous roots; it is therefore lifted with a minimum of labour, and is fed with a minimum of waste. Its symmetrical shape and attractive colour make it unequalled for exhibition. The flesh is of the densest consistency and most nutritive quality, and it reaches a very great size; consequently, it is *an exceedingly heavy cropper*, and is absolutely unsurpassed in this respect. Having been fixed as a variety for such a number of years, its sportive character is practically *nil*, but we are untiring in our annual labour of selecting stock roots to grow from. *We send a fine coloured representation of this variety to those who stock it, mounted on canvas and rollers ready for hanging* (*see illustration, page* 15) per cwt. **50/0**

Put up in 2 lb., 4 lb., 7 lb. and 14 lb. sealed printed canvas bags, at **58/0** per cwt. (carriage paid). The variety can only be obtained *direct* from **Kelway & Son, Langport.** (Title registered.)

Electro gratis, see page 1. *Copyright K. & S.*

KELWAY'S CRIMSON KING

New Blood-Red Intermediate (new). The finest novelty of recent date. A beautiful root, true intermediate in shape, deep red colour, and *so sweet* that cattle and sheep prefer it to any other kind. Easily lifted, and most satisfactory in every way ... 75 0

KELWAY'S IMPROVED CORNER'S YELLOW GLOBE. This needs no introduction in the West of England. The stock originated in our neighbourhood, and was obtained by us from Mr. Corner himself. Though so near perfection at that time, the great care we have since bestowed upon it has evidently been appreciated by our customers 45 0

Kelway's Perfect Model Exhibition Golden Tankard Mangold

KELWAY'S EXHIBITION OR *PERFECT MODEL* GOLDEN TANKARD.

Selected from our "Model" Golden Tankard, to which it is superior in the dark colour of the skin and the rich golden hue of the flesh. The perfect "Tankard" shape of the original "Model" is retained, together with its highly saccharine quality and extreme solidity of flesh. An enormous weight per acre is obtained from it. 56/0 per cwt.

Swede Turnips. Purple-topped Varieties

KELWAY'S LANGPORT MAMMOTH

(Registered Title)

The Hardy Heavy Cropping Purple-top Swede

per bushel 24/-
per cwt. 50/-

This variety is *an enormous cropper*, one of the *most hardy* and disease-resisting sorts in cultivation, seldom getting mildewed, and the *highest quality* Swede in cultivation. It possesses very dense, sound flesh. It grows freely in all kinds of soils. It is as near as possible *globe shaped*, with a very neat short neck, dwarf foliage, and a clean single tap root. The portion of the root growing out of the ground is of a deep purple red or plum colour. We annually save large quantities of this variety entirely from our own stock seed on account of the increasing favour with which it meets. Our stock is still as pure as ever.

A fine representation of this variety, 2 feet by 3 feet, painted in oils from nature, mounted on canvas and framed, will be sent to all who stock it.—See annexed illustration.

Put up in 1 lb., 2 lb. (62/- per cwt.), 4 lb., 7 lb. and 14 lb. (58/- per cwt.) sealed printed canvas bags (carriage paid). The variety can be obtained ONLY direct from

KELWAY & SON,

SWEET PEAS

Kelway & Son grow large breadths of all the choice and new Sweet Peas for seed at Langport, and their stocks, GROWN FROM RAISERS' PACKETS AND MOST CAREFULLY ROGUED BY THEMSELVES WHEN GROWING, have gained commendation the past three seasons in comparison with foreign grown seed. They can supply choice LANGPORT-GROWN SEED HAND-GATHERED FROM TRUE FLOWERS, or foreign grown seed, at competitive prices in either case, but in comparing prices for the Langport grown please compare only with seed *guaranteed* English saved.

Two Silver Medals of the National Sweet Pea Society were awarded to sweet peas exhibited by us in 1910. These flowers were **guaranteed cut from our open fields without shading,** and were exhibited solely in order to show our friends in the trade that we were growing the varieties we offer. Leading experts who visited our fields informed us that we possessed the largest collection of the best stocks in the country.

PRICES PRINTED are for now (Spring, 1911) as long as unsold.

ALL these varieties will be on offer by us, season permitting, for season 1911-12. Please enquire early, in Summer and Autumn, 1911. Retail packets of the recent or "new" sorts (not the year's "novelties"), 6d. and 1/- (retail), 2 for 1

"Novelty" packets at advertised prices net, or less discount where possible.

If any of our customers have new sweet peas of their own raising we shall be pleased to try them and report upon them. Also we would grow them on contract if desired.

SEED FARMERS

A Field of Kelway & Son's Sweet Peas on one of their Somerset Farms.

LANGPORT · SOMERSET

A STATEMENT appeared last year in a Trade Paper to the effect that a dozen or so of the Wholesale Seed Firms of Great Britain had made an arrangement not to sell below prices AS ARRANGED BY THEM. We should like it to be distinctly understood that we trade ENTIRELY independently, and are party to no such alleged agreement in any way whatever. As a matter of fact we object to Combines.

¶ Our prices quoted herein are therefore as reasonable as possible, being based upon cost of production and not being artificially inflated.

¶ They are open to the whole of the legitimate Seed and Nursery Trade, but not to Market Gardeners pure and simple, etc., and, on that account, we look for the support of all Seedsmen, and place at their disposal our celebrated special strains as well as the strains which are usually offered in the Wholesale Seed Trade.

¶ Living on our own land in the South-West of England, in a county specially favoured as regards climate, we are enabled, as far as is possible, to live up to our motto, which is:—

"QUALITY: firstly, secondly and thirdly."
